Research Experiences for Veterinary Students

2009 Summer Program

National Institute for Mathematical and Biological Synthesis (NIMBioS) at the University of Tennessee, Knoxville

June 1 - July 24, 2009

Veterinary students (DVM, VMD, or MPH) and undergraduates majoring in math, biology, and related fields will live on campus and work in teams with UT professors on state-of-the-art research projects. Two high school teachers will be participating. Stipend, housing, and travel allowance provided.

Application deadline: March 9, 2009

More information available on the website
http://www.nimbios.org/education/rev.html

Leadership Team:
Suzanne Lenhart, Director, Mathematics Department
Mike Gilchrist, Ecology and Evolutionary Biology Department
Kim Gwinn, Entomology and Plant Pathology Department
Graham Hickling, Director of the Center for Wildlife Health
Agricola Odoi, Dept. of Comparative Medicine, College of Veterinary Medicine
Steve Wise, Mathematics Department

NIMBioS is a synthesis institute sponsored by the National Science Foundation, the U.S. Department of Homeland Security, and the U.S. Department of Agriculture, with additional support from The University of Tennessee, Knoxville.
