

Time line for E-Value in Outcome assessment:

March 2017 – May 20, 2017 – Train additional faculty to assist in building out the Outcome assessment program.

May 20, 2017 – August 2017 – request Mrs. Tidwell and Mrs. Sherry Bushong to evaluate the 2016 surveys by Enrollment Planning and the Alumni Relations Departments and present an overview of how we can best present the data collected to show the following:

Based on graduate and alumni Feedback

***Day one Competences** for both AVMA and RCVS

Trends of strengths and Weaknesses for curriculum

Gainful employment issues such as:

% of alumni employed at graduation

% of alumni Employed in veterinary medicine

% of alumni enrolled or acquired higher education and board certification.

August 2017 to October 2017 – work with the Outcome assessment committee to review reports and presentation.

Work with Outcome assessment committee to review additional questions for upcoming surveys to Graduates, alumni, Employers to insure you will start getting the data you need to address the goal of outcome assessment.

November 2017 – December 2017 – we would like to go back over the past 5 years of any data we have from surveys to see if we can construct any trends over the past 5 years in:

Day one Competences

Trends of Strengths and Weaknesses for Curriculum

Gainful employment issues such as:

% of Alumni employed at graduation

% of alumni Employed in veterinary medicine

% of alumni enrolled or acquired higher education and board certification

December 2017 to April 2017 – refine the presentation for the AVMA COE site visit.

April 2017 – on going refine sources of data and additional ways to report data.

Additional information for time line for Curriculum

April 11, 2017 Dr. Salter will be offering a workshop for all course directors about how to write course level objectives. This workshop will help prepare for the AVMA site visit. The workshop will be essential and will give us the tools to start mapping the course learning objectives/outcomes as shown on the syllabus onto the outcomes.

After this workshop we will be read to upload information into e-value.

April workshop

May to August – upload expanded mapping information into E-value

August to October – refine the mapping with the curriculum committee and the E-Value presentation for AVMA.
